"There is not an unreadable article in THE COSMOPOLITAN for August. Since this magazine came to New York, it has become infused with the journalistic spirit and its pages are made up of what in journalist's parlance is called 'lively reading.' Most of the contributors' names are new to us, but it is for the sake of the story they have to tell in this number and not for what they have done or what they may do that they have been chosen."—*N. PURIFIES
AS WELL AS
Beautifies the Skin.
No other cosmetic

Removes Tan, Pimples, Freckles, Moth-Patches, Rash and Skin diseases, and every blemish on beauty, and defies detection. It has stood the test of 37 years, and is so harmless we taste it to be sure the preparation is properly made. Accept no counterfeit of similar name. The distinguished Dr. L. A. Sayer, said to a lady of the *hauton* (a patient): "As you ladies will use them, I recommend 'Gouraud's Cream' as the least harmful of all the Skin Preparations." One bottle will last six months, using it every day. Also Poudre Subtile removes superfluous hair without injury to the skin.

FERD. T. HOPKINS, Manager, 48 Bond St., running through to Main Office, 37 Great Jones St., N. Y.

For sale by all Druggists and Fancy Goods Dealers throughout the U. S., Canadas and Europe. Also found in N. Y. City at R. H. Macy's, Stern's, Ehrich's, Ridley's and other Fancy Goods Dealers. Beware of base imitations. \$1,000 Reward for arrest and proof of any one selling the same.

A BLESSING.

Sancho Panza blessed the man who invented sleep. So do our leading society belles bless the memory of the late Dr. T. F. Gouraud, who taught them how to be beautiful. Everyone should do all in his power to supplement nature in adorning the person, and a fine complexion is not given to all; and just here art aids nature, and all who use Dr. T. F. Gouraud's Oriental Cream or Magical Beautifier, know its value, and how the skin that is freckled, tanned, pimpled, or moth-patched can be made like the new born babe's. To those who will use toilet preparations it is recommended by physicians, as the Board of Health has declared it free from all injurious properties, and as it is on sale at all druggists', and fancy goods stores, it is an easy matter to give it a trial, and thus win the approbation of men, as well as the envy of ladies.—*Evening Express*, Jan. 7, 1881.

ARE SOLD BY THE

Manhattan Watch and Jewelry Co.,

IN THEIR

CO-OPERATIVE CLUB WATCHES.

The Advantages of this Club System, are,

First, The payments are so easy as to scarcely be felt by any one; **Secondly,** it being based on cash principles, you are not charged installment prices. We form clubs daily, as soon as a club is closed, the distributions, which are decided by a drawing of numbers take place weekly until every member is in possession of a watch. After a member has received his watch he must continue to pay **one dollar** per week, the same as the other members, until the watch is paid for. The watches are all warranted solid gold or silver cases, with American Stem Winding movements, Elgin or Waltham make.

A glance at the cuts will convince the most skeptical that our American Movements stand without a rival, not alone as time-keepers, but also in workmanship. They are dust-proof, have no lost motion, are full jewelled, and their Stem Winding attachment is the strongest ever offered. Full guarantee given with every watch.

They are far more complete in every way than I expected, and in fact I do not see how they can be improved on. Those of my friends who have seen them are delighted with them, so I hope you will sell many in our town.

WEBER PIANOS.

The Weber Pianos are constructed from the musician's standpoint as well as that of the mechanic ; hence these instruments are distinguished from all others by that pure and sympathetic quality of tone that contains the greatest musical possibilities—that consummation of mechanical excellence that admits of

THE MOST DELICATE AND IMPRESSIVE EFFECTS,

while insuring the durability of the instrument and that uniform superiority that enhances the pleasure of both performer and listener. Constructed from the very best materials, and employing only the most skilful workmanship, these instruments combine the highest achievements in the art of piano making, and are comprehensively the best now manufactured.
